

# We Grow Agencies

## How We Do It

1. We Increase Revenue Per Existing Client
2. We Reduce the Average Service Cost Per Existing Client
3. The Result Is - Increased Profit Per Client!

**newwayHR** provides this service for you. Your Agency simply makes the introduction, draws the additional revenue & "stays in touch" for referrals! The additional revenue to your Agency is all residual!

Now you can say "We Grow Companies" to your clients! Your Agency is Now Positioned in a New and Unique Way - Instead of being viewed as just another vendor - You now become an integral part of your client's success.

**Can your competition say this?**
